

7th July 2025

Dear Parents and Carers,

Mathematics Calculators

The IGCSE specification (which we teach from year 9 to 11) allows students to use more advanced calculators than in the past. The Casio ClassWiz FX-991CW advanced scientific calculator is a numeric calculator with all the functionality required by Ofqual. The better the calculator, the more verification tools you have to check your answers in exams. This calculator enables solving of quadratics, inequalities and simultaneous equations. This calculator is needed from year 7 so that there is plenty of time to become familiar with the functionality.

We are offering the ClassWiz calculators at a price of £25 which is a special price for schools. If you would like to purchase one of these calculators, please complete this Microsoft form: <https://forms.office.com/e/qwdvafnTJ4> by **Friday 5th September 2025**.

Yours faithfully,
Mrs I Barrett Walsh
Head of Mathematics
